The aim of the conference is to promote scientific development of young researchers, to show the diversity of their studies, and to exchange the views and experiences.

Due to the bilingual nature of the conference, there will be a possibility to give presentations in both the English and German languages.

Students interested in participating in the conference are invited to send paper proposals up to 250 words to **poligloci.atena.ur@gmail.com** for a 15-minute presentation to 28 March 2021.
